

Judge Audio Visual Solutions

AUDIO VISUAL SOLUTIONS

Your Partner for all Audio Visual Needs

- ▶ Specializing in the design, integration and delivery of high-quality audio visual solutions
- ▶ From boardrooms to ballparks, our experienced staff will apply our extensive industry expertise, and then design, install, and support the system you need to meet your immediate and long-term A/V needs.

Audio Visual Design and Integration:

Judge Audio Visual Solutions specializes in the design, integration, and delivery of reliable, high-quality, and user-friendly audio visual solutions for a variety of applications. From boardrooms to ballparks, our experienced staff will listen to you, apply our extensive industry expertise, and then design, install, and support the system you need to meet your immediate and long-term audio visual needs.

What Can Judge Audio Visual Solutions Do For You?

Global video conferencing. Crystal clear image displays. Larger than life projection screens. Dramatic lighting. Precise sound. The ways in which audio visual (A/V) technology can support your objectives are boundless. But A/V technology is only beneficial if it is matched appropriately to the task, if it is reliable, and if it is user-friendly.

Our Services:

Designing an A/V system goes beyond picking components off a shelf. It requires understanding the underlying technologies and integrating them in a way that achieves the best result. This is where Judge Audio Visual Solutions excels. When you partner with Judge Audio Visual Solutions, you can count on the latest A/V technology, a path for upgrades, reliable performance, and ongoing support to meet your immediate and long-term A/V needs.

We use the collective experience of our principals to design and install an A/V solution that meets your project's requirements, regardless of the size or scope. But the project doesn't end there. We ensure a flawless installation, thorough training and ongoing maintenance.

Project Approach:

Understanding your needs and devising the appropriate A/V solution is what we do best. We deliver on our promises by employing a proven approach to project management that incorporates the following steps as needed by the application:

- ▶ Needs Analysis
- ▶ System Design
- ▶ Fabrication, Integration, and Testing
- ▶ Installation
- ▶ Training, Warranty Service, and Maintenance

Who We Serve:

Judge Audio Visual Solutions understands that requirements vary depending upon the application. The specifics of an application for a government debriefing room will differ from those in a house of worship. Our industry experience provides us with the skills and knowledge to meet the A/V needs of your institution and the people that run it.

We specialize and are experienced serving the following types of installations:

- ▶ Corporate
- ▶ Government
- ▶ Education
- ▶ Healthcare
- ▶ Hospitality
- ▶ Houses of Worship
- ▶ Residential
- ▶ Retail

Our Partners:

Judge Audio Visual Solutions has relationships with the top A/V manufacturers and a thorough understanding of how to integrate technology to achieve the best results. We can devise a system that enables the best path for enhancements as your needs evolve and as technology advances.
